Leonard Gurule, Senior VP  
Forest Oil Corporation  
310 K Street  
Anchorage, AK 99501

George Paspalof, Manager AK Operations  
Pacific Energy Resources  
310 K Street  
Anchorage, AK 99501

Subject: Transfer of Ownership, Administrative Amendment, from Forest Oil to Pacific  
Energy, Six Air Permits

Dear Mr. Gurule and Mr. Paspalof:

The Department has received correspondence on December 4, 2007 along with affidavits which reflect the transfer of ownership of the following six air permits from Forest Oil Corporation to Pacific Energy Resources LTD:

Kustatan Production Site	Permit #AQ0741TVP01 File #2339.16.025
Kustatan Production Site	Permit# AQ0741MSS01 File #2339.16.025
Osprey Platform	Permit #AQ0696TVP01 File # 2339.16.022
Osprey Platform	Permit #AQ0696MSS01 File # 2339.16.022
West McArthur River Unit	Permit #AQ0276TVP01 File # 2339.16.008
West McArthur River Unit	Permit #AQ0276MSS01 File # 2339.16.008

The Department finds that the change in the ownership of this stationary source is an administrative amendment of the Title V permits as described by 40 C.F.R. section 71.7(d) adopted by reference in 18 AAC 50.040(j) and a revision of non-substantive elements of the minor permits as described in 18 AAC 50.546(b). This administrative revision to Permits AQ0741MSS01, AQ0696MSS01, and AQ0276MSS01 does not change the technical bases for the permits as described in the Technical Analysis Reports for the permits.

These administrative amendments and revisions do not relieve the new permittee from the responsibility to apply for any other permit or approval required by the Department, the U.S. Environmental Protection Agency, or local governments. Please be advised that State regulations may differ from federal regulations. If you have any questions regarding compliance with federal regulations, you should contact EPA.

As set out in the signed transfer of ownership form you provided, the obligation of all permit conditions including pending applications associated with the stationary source and financial responsibilities are accepted in the entirety by the new owner or operator.

If you disagree with this decision, you may request an adjudicatory hearing in accordance with 18 AAC 15.195-18 AAC 15.340, or an informal review by the Division Director in accordance with 18 AAC.15.185. Informal review requests must be delivered to the Division of Air Quality Director, E. Ship Creek Suite #249, Anchorage, AK 99501, within 15 days of this decision. Adjudicatory hearing requests must be mailed to the Commissioner, Alaska Department of Environmental Conservation, 410 Willoughby Avenue, Suite 303, Juneau, Alaska 99801-1795, within 30 days of this decision.

If a hearing is not requested within 30 days, the right to appeal is waived. If a hearing is granted, it will be limited to the issues related to this decision. You are reminded that even if an adjudicatory hearing has been requested and granted, all permit conditions remain in full force and effect.

Please note that Alaska's air quality statutes, regulations, and permit application information can be obtained from the Department's web page at <http://www.dec.state.ak.us/air/ap/mainair.htm>.

Sincerely,

John Kuterbach  
Air Permits Program Manager

Enclosures: Six transfer of ownership forms and the six amended permits as identified above.
